Dear Agency Partner,

At Nationwide Private Client, our goal is to offer coverages and services that provide protection and peace of mind with the needs of your high net worth clients in mind. In support of that goal, we are pleased to let you know that Service Line coverage will be automatically added to qualifying Homeowners policies in the states above beginning December 1, 2021.

Coverage highlights

For a covered loss on the exterior underground service lines your clients own, we offer the following benefits:¹

- Applies to heating, communications, electrical power, compressed air, waste disposal, drainage and water.
- Costs covered include property damage, excavation, expediting expenses, loss of use and outdoor property.

More states are coming in 2022².
