Producer Bulletin Private Client Website Updates Are Live

October 8, 2019

Dear Agency Partner,

We are pleased to announce that the updates to [Agent Resource Center](#) (ARC) and our [public website](#) we previewed a couple weeks ago are live.

As you may have already seen, we redesigned ARC to make it easier to find the information you need from Private Client, and our public website is an even better showcase of our products and services for your clients and prospects.

The changes were created based on your feedback. Highlights include:

- **Fewer navigational options** on ARC make finding what you need simpler. No more hunting through too many menus.
- **Improved Find-An-Agent feature** on our public site allows prospects to search within a radius of a zip code or city.
- **News alerts** will be available on our public site, so we can better communicate with your clients during a natural disaster. Also, our Claims phone number is more prominent for clients they need us most.
- **Search function** upgrades are live on both sites to get you the results you seek faster.

On ARC, your favorite features have improved, including your customizable Quick Links and a more prominent Recent News area so you can stay up-to-date.

If you haven't already, log into [ARC](#) and visit our [public site](#) now to discover what's new. For a quick ARC overview, [see attached](#).

If you have any questions or suggestions, please contact your local **Territory Sales Director**.

Sincerely,

Your Nationwide Private Client Team
